Chaff Removal Tumbler

Perforated drum designed to remove small fines and chaff before cooking, frying or roasting.

Product Description

- The chaff, if uncollected, may accumulate within the drum and hinder the cooking process
- Reduces downtime because the fryer can be cleaned less often
- Extends oil life in the fryer and reduces fatty acids
- Sifts coffee bean byproducts before the roast to control taste
- Variable speed drive 120 VAC/90 DC with controllers, fixed speed and variable speed AC motors available
