

Taco Seasoning Conveyors

Four lane taco seasoning system to dribble feed seasoning on taco shells

Product Description

- A hopper feeder with dust collection hood allows bags of seasoning to be dumped to fill the hopper while the dust collection hood minimizes dust
- Utilizes a vibratory scarf feeder to deliver an even curtain of seasoning over the taco shells
- Excess seasoning is collected on a vibratory screen to sift the seasoning to return seasoning to the hopper feeder and separate clumps to a waste tote
- Completely enclosed system with pickup hoses from the dust hoods to contain dust
